

Chief of Staff

About Brockville General Hospital

Located in the heart of the Thousand Islands region, Brockville General Hospital (BGH) delivers a close-knit, collaborative work environment where you can make an impact on the lives of those we serve.

Through teamwork, partnership, and the support of our community, we are known for pioneering local access to care, building modern diagnostic, surgical, and healing spaces, and tackling the pressures facing our healthcare system. As a result, we proudly offer a range of services and quality, compassionate care to the 100,500 people living within our catchment area.

BGH is the largest employer in Leeds Grenville. Our team consists of 1,050 staff, 160 physicians, 300 volunteers, and 500 students annually. We offer meaningful career opportunities, the tools, and the means to become a vital member of a vibrant community, all with little commute time. With a budget exceeding \$110 million and strong working relationships with local and regional partners, our hospital has a strong foundation to fulfil our vision of achieving excellence together.

Join Brockville General as our Chief of Staff (part-time basis) and be a part of our growing and transforming healthcare across our community and region.

Reporting to the Chairperson of the Board of Directors, you will play a key strategic and operational leadership role in advancing and supporting BGH's mission and vision. Working closely with the senior leadership team and Medical Advisory Committee, you will ensure quality medical services are delivered and managed effectively and consistent with the Hospital's by-laws, strategic and operational priorities. With an eye to the future and an understanding of healthcare's fast-changing environment and its associated risks, opportunities, and trends, you will ensure that BGH remains responsive, innovative, nimble, and able to excel in an increasingly changing healthcare ecosystem. At the senior management and board tables, you will provide colleagues and directors with the counsel, information, and support they need to make sound corporate decisions on a range of topics, from medical program compliance with standards of practice to risk mitigation and growth.

As the ideal candidate, you are a respected physician leader licensed to practice medicine in the province of Ontario with a track record of success providing strategic medical administration counsel at the executive and Board tables. You are described by your peers and colleagues as a self-motivated, innovative thinker who challenges the status quo with the goal of delivering high quality innovative medical services. A confident and competent team builder, you have strong communication and interpersonal skills, and a track record of establishing strong relationships with key stakeholders at the local, regional and provincial levels. Your leadership expertise

across a broad and varied portfolio of medical programs is critical to your success in this role, as is your ability to effectively lead a Medical Advisory Committee and oversee the work of the standing committees. Your team orientation and collaborative, professional approach will serve you well, as will your ability to lead, coach and mentor a team of professionals in the development and compliance of standard medical policies, directives, protocols, care plans, and practices.

To explore this important opportunity further, please view the Chief of Staff Executive Profile located in the careers section of BGH's webpage, or follow the hyperlink: ([COS Executive Profile](#)). To apply for this exciting opportunity, send your resume and covering letter to careers@brockvillegeneralhospital.ca and state "Chief of Staff" in the subject line of your email.

Brockville General Hospital is committed to employment equity and diversity in the workplace and welcomes applications from members of racialized groups/visible minorities, Indigenous people, persons with disabilities, persons with any sexual orientation, and persons of any gender identity or gender expression. Accommodations are available for applicants with disabilities throughout the recruitment process.

We thank all applicants for their interest, however only those under consideration for the role will be contacted.
